

WOULD YOU LIKE TO INCREASE PRODUCTION ON YOUR HAYLAND WHILE INCREASING AVAILABLE GRAZING AND SOIL HEALTH?

Join us Wednesday August 23rd to learn how Kammerer Ranch has been using cover crops to improve hayland production, increase available winter/fall grazing, and improving soil health.

When: August 23rd 8:00 am to 2:00 pm

Where: Kammerer Ranch – 22049 Elk Vale Road Piedmont, SD

Please RSVP to Riley: 605-209-3544

For reasonable accommodations please contact: Valerie Riter at 605-347-4952 ext. 3 or 605-499-8645 by 8/16/2023

RSVP for meal by Aug 20th

Topics & Presenters:

- Tour of Cover Crop Fields
- Discussions on soil health, improving hay production, managed grazing, & grazing cover crops
- Dr. Kris Nichols will present on using soil biology to increase productivity

Lunch and water will be provided
